TEN PAGES TODAY

BOARD ADOPTS A NEW ROAD POLICY

Commissioners Will Not Build Any
Highways For Present Due to
Unsettled Conditions

TWO BIDS ARE REJECTED

Board Will Construct Two Short
Strips of Cement Road Near
Carthage and Crane Road

The county board of commissioners has adopted a new policy and has decided not to build any more roads for the present, due to the unsettled conditions, the high cost of materials, difficulty in obtaining materials and the security of contractors.

This change in policy of the commissioners became known today when it was explained why they rejected bids on two cement roads yesterday afternoon.

The board refused to allow the contractors for the Harry McManus cement highway in Jackson township and the D. C. Buell cement highway in Rushville township, but awarded contracts for two short strips of cement road in Ripley township and also awarded the contract for the William B. Crane macadam road leading into Milroy from the north along the Big Four railroad.

It is known that the commissioners have had this matter under consideration for some time and that they have been advised by many leading men of Rush county that it would be exercising good judgment to stop road building until conditions improve. Those who favored the course which the commissioners will pursue temporarily point out that when a road is torn up, there is no certainty when it can be completed because of the delays which are being experienced in rail transportation. Another element considered was the slow bond market which makes it difficult to sell road bonds.

The high cost of labor and materials and the remarkably small number of contractors who are seeking contracts also entered into the consideration of the question by the commissioners. For example, five cement roads were advertised for letting yesterday and only two contractors submitted bids, each one bidding two roads and no one bidding on the fifth road.

The commissioners awarded the contracts for the Hiram H. Henley and the Harvey J. Carr cement roads in Ripley township because it was shown that there was an imperative need for them to be built this summer. They are in the river bottoms near Carthage and are generally damaged each spring by floods, making the cost of maintaining them very high.

Both the Carr and Henley contracts were awarded to Lawrence and Ennis of Abington. The bid on the Carr road was \$32,167, the estimated cost of construction in the notice to bidders being put at \$28,217. The road will be 4,960 feet long. The bid on the Henley road was \$7,700 and the estimated cost of construction was \$6,775. This highway is only 1,416 feet long.

The contract for the Crane macadam road in Anderson township was awarded to Charles E. Reddington of Greensburg for \$70,475, which includes a steel bridge over Little Flatrock river east of the railroad bridge. The course of the road will be changed to eliminate a dangerous railroad crossing just north of Milroy. This bid, the only one submitted for the Crane road, was received Monday and taken under advisement by the board. E. L. Kennedy and Sons of this city bid on a wood bridge to span the river, but it was rejected.

George T. Miller of Lebanon, who built Third street in Rushville, bid \$32,247 on the Buell road east of Rushville and \$54,447 on the McManus road in Jackson township, both of which were rejected.

No bid was filed on the J. Frank Wilson cement road, which was proposed as an extension of the cement road which ends at J. M. Ames' home south of Rushville. It is probable that no contractor bid on this job because of the announcement by

MAINTAINS A LARGE LEAD

Johnson Expected to Have Majority
of 170,000 in California

(By United Press.)

San Francisco, Calif., May 6.—With seven hundred precincts still missing, Senator Hiram Johnson today kept his lead over Herbert Hoover, by 155,000.

Johnson is expected to have a majority over Hoover of 170,000 when a complete count of the votes is taken.

CLEAN-UP WEEK TO BEGIN NEXT MONDAY

People Urged to Clean up Premises
and Put Debris in Containers
to be Collected

NO ASHES, BRUSH GATHERED

Next week will be "Clean-up" week in Rushville, according to an announcement made by Will Havens, street commissioner, who will attend to the hauling away of the debris collected by property owners, and placed in containers in the alleys back of their homes.

The city has made this an annual affair, and the work will be carried on this year, as it has been in the past. The street cleaning department will begin collecting on Monday morning and continue throughout the week.

Street Commissioner Havens wished to impress upon the people that no ashes or brush will be carried away, and all other trash must be placed in some kind of a container, either a barrel or box, so that the men will not have to be long at each place. Rushville residents should co-operate with the city officials, and lend a hand in cleaning up not only their property, but also the unsanitary conditions that exist in alleys.

WOMAN'S NAME IS NOT TO BE CERTIFIED

Election Board Will Not Declare
Minnie Murphy Democratic
Nominee Without Ruling

SAID NOT TO BE QUALIFIED

The Rush County board of election commissioners will not certify the name of Miss Minnie Murphy of this city to the state election commission as the democratic candidate for county treasurer, until they receive an opinion from the state authorities on the question, a member of the county election board announced yesterday.

Miss Murphy was unopposed in the primary for the nomination, and since she is not a qualified elector under the laws of Indiana, it is the opinion of the local election board that she is not entitled to hold office. Regardless of what the local board's view of the law is, the name will not be certified as the democratic nominee until the state election authorities pass on the question.

Several women candidates were ruled out of the primary election in Indiana on the theory that they could not hold office and therefore could not be candidates.

LULA V. HUDSON SUCCEUMS

Fourteen Year Old Daughter of Mr.
and Mrs. Frank Hudson Dies

Lula V. Hudson, 14 year old daughter of Mr. and Mrs. Frank Hudson, expired this morning about ten thirty at their home, 805 West Second street. The child was taken ill with scarlet fever about eight months ago and uraemic poisoning developed, which caused her death. Besides the parents, she is survived by two sisters and one brother. The funeral arrangements have not been completed, but the remains will be sent to Osgood for burial.

FACES BATTLE IN STATE CONVENTION

Major General Leonard Wood, With
Plurality of Votes, Will Fight
For 30 Delegates

JOHNSON TO FIGURE IN RACE

His Followers Will Likely Demand
Uninstructed Delegation to
National Convention

(By United Press.)

Indianapolis, Ind., May 6.—Claiming a plurality of nearly 10,000 in the Republican presidential fight of Indiana's primary election, supporters of Major General Leonard Wood today faced a battle for the state's thirty delegates to the republican national convention.

Senator Johnson, the hardest contender for leadership over Wood, was expected to appear a dominant factor in the state republican convention here next Thursday and Friday.

His supporters are expected to storm the convention with the demands for an uninstructed delegation to the national convention.

The Indiana primary law, however, rules that a majority is necessary to bind the state delegates.

With 182 precincts of the state's 3,387 yet to be heard from, Wood's plurality today was 9,230. The vote stood Wood 81,767; Johnson 72,537; Lowden 36,845; Harding 19,267.

In the republican governorship race, McCray had a majority of about 2,799 over the field with about 250 precincts still missing.

The vote was McCray, 97,883; Pesler, 56,569; Toner, 38,515.

McCulloch apparently will lead the democratic ticket when the returns are completed. With more than two-thirds of the precincts heard from, McCulloch had a plurality of more than 21,000.

Returns from 2,350 precincts gave McCulloch 36,827 votes; Niblack, 15,676; Isenbarger, 14,347 and Risk 11,464.

CARRANZA HAS HIS BACK TO THE WALL

Reports From Mexico Today Indicate
That The President Will be
Overthrown in a Week

SITUATION THOUGHT SERIOUS

(By United Press.)

Washington, May 6.—Carranza's back is to the wall, according to confidential advisers received in Washington today from various sources.

Reports of the Obregon revolution today predicted Carranza would be overthrown within a week.

United States officials explained that they had had but few reports and those are largely rumors. But the fact that it was deemed necessary to dispatch a division of destroyers to Key West to await further order was taken to mean that this government knows that the situation is more serious than it is represented to be.

LIGHT WINES FAVORED

New Haven, Conn., May 6.—Revision of the Volstead act so as to permit the manufacture and sale of beer and light wines was favored by the Democratic state convention today. The recommendation of the state central committee that the state delegation to San Francisco be instructed to vote as a unit was rejected.

DELEGATION FOR JOHNSON

Kalamazoo, Mich., May 6.—Michigan's delegates to the Republican national convention were pledged by the state convention to use every effort at their command to obtain the nomination of Senator Hiram W. Johnson for President and to stand by him as long as he had a chance for the nomination.

VETOES DRY BILL

Boston, Mass., May 6.—Governor Coolidge today vetoed the bill prohibiting the sale of 23 beer and light wines.

DOUBTS THAT HE MADE STATEMENT

Admiral Benson Doesn't Recall Telling
Sims He Would as Soon
Fight British as Germans

CAN NOT RECALL LANGUAGE

Tells Senate Committee He Meant to
Impress on Admiral Necessity
of Strict Neutrality

(By United Press.)

Washington, May 6.—Admiral Benson before the senate naval investigating committee today, said that he did not think he told Admiral Sims that he would as soon fight the British as the Germans.

Sims previously charged before the committee that had told him this just before he had started for England and before this country had declared war.

"I do not think I said that, but I could not deny it under oath," Benson declared.

"Whatever was said, it was to impress upon Admiral Sims the delicacy of the situation, when I was sent to London," Benson answered.

"Did you have any idea that possibly we would fight on the side of the Germans?" Chairman Hale asked.

"No, Sir," Benson replied. "I can not recall exactly the words I said but I cautioned him to be very careful in his conduct."

"We had been trying to maintain strict neutral relations and I gave him earnest instructions along that line," Benson stated.

"It will be impossible to repeat the language used, but all our conversations were very confidential. I used forceful language in instructing him."

HUGHES ATTACKS THE INDICTMENTS

Former Supreme Court Justice Files
Plea in Abatement For Miners
in Indianapolis

OPERATORS ALSO INDICTED

(By United Press.)

Indianapolis, Ind., May 6.—Charles E. Hughes, former supreme court justice, today attacked the federal grand jury indictments naming 125 coal miners and operators. Hughes appeared for the miners.

Hughes filed a plea in abatement appeared for the miners.

Thirty-nine Indiana operators were named in the indictments. All were present except J. Coleson, of Terre Haute. He was unable to be present because of illness.

Operators of Illinois, Ohio, and Pennsylvania also may fight the removal of proceedings to the Chicago federal court.

All Indiana miners also were in the court room.

Hughes had charge of the miners' legal steps and it was understood that he would act for the operators also.

No action was taken in the case of the operators.

After receiving the plea in abatement and hearing a few preliminary actions on it, the court adjourned until tomorrow, to take up the case further.

HARDING SPIKES REPORT

Says He Will Not Withdraw in Favor
of Another Candidate

(By United Press.)

Washington, May 6.—Senator Warren Harding, of Ohio, today spiked reports that he was planning to withdraw from the fight for the republican nomination for president and turn over to some other candidate, the delegates pledged to him.

"We never quit and there will be no withdrawal," Senator Harding declared.

RUNS INTO INTERURBAN CAR

Machine Driven by Mrs. John Ziegler
Slightly Damaged

An automobile driven by Mrs. John Ziegler, rural route 10, Greensburg, ran into an I. & C. traction car this morning at the corner of Fifth and Morgan streets. Mrs. Ziegler was driving out of Fifth street and was turning north in Morgan and ran into the traction car, which was the eastbound car due here at 8:24. The windshield was broken and a fender was badly twisted, but Mrs. Ziegler and the twisted, but Mrs. Ziegler and her daughter Myrtle, the only other occupant of the car, escaped injury.

LOCAL BOY IS WITH DESTROYER DIVISION

Ralph Newbold, Son of Mr. and Mrs.
A. N. Newbold, is Member of The
Lardner's Crew

IS ON THE WAY TO KEY WEST.

Ralph Newbold, son of Mr. and Mrs. A. N. Newbold of West Eleventh street, this city, who is in the navy, is now on his way with the United States destroyer division to Key West, Florida, where the ships will be held in readiness in case of trouble in the Mexican territory.

Newbold joined the navy last August and went from here to the Great Lakes training school and was later assigned to the Lardner, a destroyer which is one of the seven that left yesterday from New York. Last week this destroyer, which is also a party of the Atlantic fleet, was in Cuba, and immediately upon its arrival in New York, it was sent with the division to Key West.

Newspaper accounts yesterday related the fact that seven destroyers of the Atlantic fleet were leaving, and in this list the Lardner was mentioned. Newbold has not been home since his enlistment last August.

TO EXPERIMENT WITH MILK FEEDING DIET

Two Lower Grades at Havens
School Will be Supplied With
Milk Twice Daily

1 PINT FOR EACH FEEDING

A milk feeding diet will be given to the pupils in the two lower grades of the Havens school building for the remainder of the school semester, beginning tomorrow morning, and while the milk feeding is only an experiment, if it proves successful it will probably be continued throughout the school term next year, and take in more grades than the two at the Havens building.

The Woman's Council is responsible for the experiment, having appropriated \$100 for that purpose. The milk will be given the pupils twice daily, morning and afternoon, one-half pint at each feeding. Nine or ten gallons will be required daily, and the milk will be furnished by L. R. Bishop, being delivered to the school building in one-half pint bottles.

The main object of the feeding is to give the children proper nourishment. The work will be in charge of Miss Ruth Gronier, visiting nurse. If found successful it will be continued by the money obtained in the Child Welfare fund, in which there is now \$95.05. It is being obtained from motion picture shows at the Graham Annex auditorium.

REPORTS REGULATION BILL

Washington, May 6.—The house judiciary committee today reported a bill of Chairman Volstead, Minn., to regulate co-operative associations of the farmers, dairymen and other food producers. It is a substitute for the Capper-Hersman bill.

COUNTY CHAIRMEN WILL BE ELECTED

Precinct Committeemen Chosen in
Primary Tuesday Will Meet
Saturday Afternoon

NO CONTESTS IN THE COUNTY

Republican County Chairmen of District
Will Meet at Liberty May
11 to Elect Chairman.

The next step in the organization of the political machinery of the state under the primary law, following the election Tuesday, is the election of county chairmen by the various precinct committeemen named in the election, the election of district chairmen by the county chairmen of each congressional district and the selection of a state chairman by the state committees of each party, the state committees being made up of the district chairmen.

The primary law provides that the new precinct committeemen shall meet at 1 p. m. on the Saturday following the primary election to elect a county chairman. The republican precinct committeemen have been called to meet in the sheriff's office in the court house.

It is believed that Fon Riggs, the present republican county chairman, will be re-elected, as he has rendered very efficient service. No other candidates for the place have appeared.

The county chairmen of the sixth district have been called by the district chairman, Walter Bossert of Liberty at 1 p. m. Tuesday May 11, when a new district chairman will be elected. A contest for this office has developed, many republicans feeling that a district chairman should not serve more than two terms. Mr. Bossert has held the office that length of time and Walter Bridges of Greenfield has appeared as a candidate against him. Present indications are that the Greenfield man will be elected.

Who will be the next republican state chairman, when the state committee meets on May 12 to elect one, no republican here seems to be able to say. It is reported that Ed Wasmuth, the present chairman, will be re-elected. No avowed candidate has yet appeared against him.

W. S. O'Neal is the democratic chairman in this county, and as he was out of the city today, it could not be learned whether the democratic central committee would meet Saturday. It is presumed, however, that the committee will be in session at that time since the law provides the precinct committeemen shall meet at a stated time on the Saturday following the primary to elect a chairman.

There were only four candidates filed in the primary for election on the democratic ticket and it is presumed that the remainder of the precinct committeemen will be holdovers. There were no contests for precinct republican committeemen and therefore their names were not on the primary ballot, but in some counties there were at least two candidates and in some instances more where some fight was being waged in the county organization. A full set of committeemen, however, filed as candidates on the republican ticket, and will make up the county central committee for the next two years. The committeemen are as follows:

Ripley township—Fred Jessop, precinct No. 1; Fred Brooks; No. 2; Byron Ball, No. 3.

Rushville township—Precinct No. 1, Samuel G. Gregg; No. 2, William Elton; No. 3, Charles S. Green; No. 4, Fred Beale; No. 5, Henry Presse; No. 6, William Dagler; No. 7, William King; No. 8, U. S. McFet; No. 9, Dr. Frank H. Green; No. 10, George Helm.

Richland township—Lon Kerick.

Washington township—No. 1, Charles Elwell; No. 2, James L. Hayes.

Noble township—No. 1, Blaine Reeve; No. 2, Willard King.

Posey township—No. 1, Frank Lawrence; No. 2, A. W. Riggsbee.

Union township—No. 1, Justus Reese; No. 2, Thomas Bishop.

Orange township—No. 1, Adam Richey; No. 2, George F. Mount.

Center township—Frank Huddle.

AMERICANS SUFFER BY BRITISH ORDER

Prohibits Citizens of Any Other
Country From Managing Con-
cerns Under Law of Britain

BUSINESS MEN ARE HARD HIT

(By United Press.)
Shanghai, April 1 (By Mail)—
Delay of the American state depart-
ment in taking up with the British
government effectively a protest
against an Order in Council prohib-
iting citizens of any other country
from managing concerns incorporated
under laws of Great Britain has
created a feeling of decided unrest
throughout the Far East.

Scores of American business men
who have been in managerial capa-
cities out here for many years have
been dispossessed and the business-
es they have built up have been given
into the hands of Britons drafted
from England or clerical positions
in the companies.

A striking instance in connection
with the new order of Captain H. E.
Morton, former manager of the
Shanghai Hotels Companies, Ltd.,
owners of the Astor House and Pa-
lace Hotels, the largest hostilities in
Shanghai. He was compelled to re-
sign his position and is sailing for
the United States on the steamer
Ecuador because he is an American
and cannot continue in his position
under the new ruling. That he was
successful in his work as manager
of the company is indicated by the
annual report of the company which
shows the hotels earned a net profit
of \$596,437 last year, an increase
of \$223,196 over the previous year.

DON'T LET IT LINGER

A cough that follows la grippe or
any other cough that "hangs on."
From winter to spring wears down
the sufferer, leaving him or her in a
weakened state unable to ward off
sickness and disease. Jos. Gillard,
148 Fillmore St., Nashville, Tenn.,
writes: "I was suffering with a dry,
hacking cough and a pain in my
chest, but since taking Foley's
Honey and Tar I have been reliev-
ed." It cobbles, heals and cures
coughs, colds and croup. Good for
whooping cough. F. B. Johnson—

The Rev. L. E. Brown went to Ross, Ind., today and will deliver an address there tonight.

Mrs. A. M. Bissell has returned to her home in Indianapolis after visiting her parents, Dr. and Mrs. E. I. Wooden for a few days.

Mrs. G. H. Wickland has returned to her home in Olney, Ill., after spending a few days in this city as the guest of her parents, Dr. and Mrs. E. I. Wooden.

John A. Tinsworth has returned from a business trip to Philadelphia and other points in the east.

Homer Havens transacted business today in Indianapolis.

500 FORMER FLYERS ATTEND AERIAL MEET

Convention is Held in Ohio of Associated Aviation Clubs to Protect Flying

MANY COME IN THEIR PLANES.

Columbus, Ohio, May 6.—More than 500 ex-service flyers were expected to attend the convention of Associated Aviation Clubs of Ohio here today called to lay plans for the promotion and protection of aviation in Ohio. The meeting will last three days.

Eighteen Cleveland airmen are to "drop in" on the convention in a Handley-Paige bombing plane recently brought over from England. A number of smaller planes are to be flown here from various cities in the state and it is planned to form them into a "cirrus" for stunt flying and combat work during the convention.

Captain Eddie Rickenbacker, America's premier "ace", Major Rudolph Schroeder, holder of the world's altitude record; Lieut. Col. Bishop, Canada's famous aviator, and others probably will make addresses.

BOARD ADOPTS A NEW ROAD POLICY

Continued from Page One

the commissioners that they would not let the contract for the present until it was determined whether the state highway commission would make the Brookville road a part of the state highway system.

The contract for repairing the Moscow bridge over Big Flatrock river was awarded to E. L. Kennedy and Sons of this city for \$1,529. Two other bids were submitted, one by Wainwright and Clifford for \$1,688.80 and one by Wash Shoppelle for \$1,697.65.

DAVID COPPERFIELD NETS \$14.05 FOR FUND

Attendance at Picture Show Not as Good as Usual Due to Many Other Attractions

\$94 IN CHILD WELFARE FUND.

The picture show representing the story of David Copperfield was shown at the Graham Annex yesterday afternoon and at night. The picture was well staged and costumed and the scenery was typical and beautiful. But as the story was long and had a number of threads it was not as interesting to the children as "Alice in Wonderland" and "The Hoosier School Master". However to one who was familiar with the story of David Copperfield, the film was very interesting.

On account of the many social affairs held last night the attendance was small compared to the former shows. Those who have witnessed the educational film have been well pleased and approve of the purpose to which the net proceeds are given.

The amount in the Child Welfare Fund is now \$94.05, the sum of \$14.05 being added by the show last night.

FATHER FRANCIS KELLEY

Father Francis Kelley, First American Legion chaplain, and winner of the distinguished service cross, the British military cross and seven citations, is anxious that legislation for a bonus to American soldiers and sailors should be granted at this session of congress. Father Kelley was staff chaplain of the Twenty-seventh division, New York National Guard troops.

SIX WORKMEN ARE INJURED

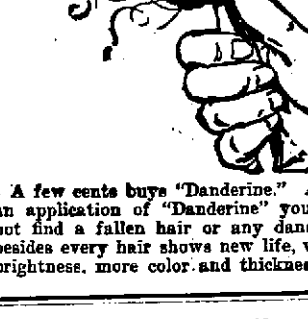

Buried Under Pile of Heavy Wheel Rim at Portland Factory

Portland, Ind., May 6.—Six employees of the Bamel factory here were buried under a pile of heavy wheel rims on which they had been working yesterday and all were unconscious when rescued. Burn Alexander, of Albany, was severely hurt about the body and his skull was fractured; William Gesselman, of Portland, was badly cut about the face and bruised about the body; James Rosebaum, of this county, received a serious injury to his right arm and may be injured internally; and Isaac Macey, Harry Hartman and James Hopkins were seriously injured about the head and bodies. Alexander may die of his injuries.

The men were working in the assembly yards piling rims when without warning the pile of rims collapsed.

The world's standard remedy for kidney, liver, bladder and uric acid troubles since 1896; corrects disorders; stimulates vital organs. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation.

TWO MORE ARE ARRESTED

Evansville, Ind., May 6.—Two more men, Calvin Pickrell and Otto Klein, were arrested here last night by Louis Bender, deputy United States marshal, and are accused of conspiracy in connection with the activity of an alleged "whisky ring" in this city. Mr. Bender received capsules for local men yesterday and arrested several men during the day. Klein and Pickrell were released on bond.

OREGON WOMAN GIVES HER ALL TO MISSIONS

THE widow's mite of Scriptural story has a modern prototype in the contribution of Mrs. Bert Holms of North Bend, Ore. Mrs. Holms, like many another housewife of slender income, found herself unable to give to the church as she desired.

She was particularly touched by the appeal on behalf of missions and determined to find a way to help. She went out to work during odd times that she could spare from her household duties and resolved to devote all of these earnings to the service of Christ.

By dint of washing, housecleaning and other menial tasks she got together \$30 in time for the financial ingathering of North Bend Presbyterian Church. This was sent to Presbyterian headquarters, 156 Fifth avenue, New York City, as constituting the largest single contribution made to Presbyterian missions after a special solicitation following a series of studies on the needs of Africa.

Mrs. Holms has successfully raised two stalwart boys to manhood, both Christians. One served through the war, went "over the top" in France.

The Peevish Child

"America cannot play forever the part of a peevish child in international relations. The affairs of the world are the concern of the United States. There may be proper limits to which this concern may go, but there is no longer any such thing as absolute divorce from what transpires elsewhere."

These words from Samuel Gompers probably reflect the present feeling of the nation regarding the peace treaty. There is a general disposition, too, to lay a considerable share of the blame on the President for his unyielding and rather autocratic attitude. At any rate, the legislative and executive branches of the government, between them, have made a fine mass of our foreign relations. Every day's news from abroad, and domestic news as well, shows more clearly the folly of holding aloof from international affairs, protracting a virtual state of war and inviting settlements that throw away the victory and prepare the way for new wars.

What the people want is a world-organization to maintain peace. There is little need of an election to determine that. Why wait until next winter or next spring? Cannot the Senate and the President get together now and arrive at an acceptable compromise by which the United States can take its proper place with the Allies in peace as it did in war, thereby preserving its reputation and its own interests?

Children as Judges

Little children are sharp, much shrewder and more observing than the average adult credits them with being. Without a doubt they have every man whom they come in contact sized up and duly catalogued in their infantile brains. And strange as it may seem—disconcerting as it may be—these youngsters invariably shoot true to the mark. If a man is kind and gentle they invariably respect and love him. If he is mean or a grinch they know him as such and avoid him. If he is a conceited ass he is an object of their juvenile jests and ridicule. Whatever our outward imperfections may be, their judgment is unerring and we can not escape it. We are in the hands of our children.

A wish gratified is no longer a wish. It has lost its charm.

The man who minds his own business generally finds that business well worth minding.

Some people appear to carry their honor in their pockets, and such pockets are generally full of holes.

It has been said that the Lord takes care of fools who can not care for themselves, but if so he has his hands full in shepherding people who have been throwing money to the birds in extravagant forms of living during the past three or four years.

Out in Joliet, Ill., a paroled convict who had been released for three weeks scaled the walls and went back to prison because he said it seemed to be the only way to beat the high cost of living he evidently hadn't heard about the overall campaign.

If you really want to bring prices down, boys, stop strutting around in overalls and go to work!

Congress is considering the coinage of two-cent pieces. We should think two-dollar pieces would be more useful.

"Labor doesn't need a party," says Gompers. Sure it doesn't, if it has one already.

When You Repeat Them.

Janet, tiny tot of four, was more inquisitive than usual that night. She had asked questions apparently about everything on earth and she sought the heavens as a more fruitful source. She spied the moon, which was especially large and bright.

"Mother, what is the moon?" quizzed Janet, never doubting but that mother could answer it with ease.

"That is God's lantern," replied mother.

Janet was impressed with the answer. Seeking a reason for everything and seeing nothing on which the lantern hung, she very naturally presumed God was carrying the lantern.

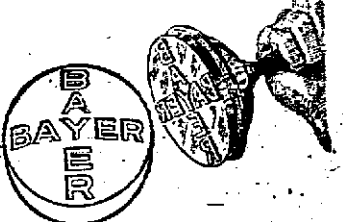

A cloud passed swiftly over the moon, making the moon appear to be moving very fast.

"Say, mother," observed Janet with some degree of seriousness, "God's running some now isn't He?"

Scientists Make New Castor Oil Really Tasteless

Remarkable Process Improves
Famous Old Family Remedy

Nobody ever dreamed that castor oil could be made tasteless. But the chemists of Spencer Kellogg & Sons, Inc., one of the largest manufacturers of castor oil, tackled the problem and succeeded in perfecting a process by which the taste is absolutely removed. Today everybody can take castor oil easily, for Kellogg's Tasteless Castor Oil is really tasteless. Nothing is put in to disguise the taste. Strength and purity are unchanged. Curative, healing and soothing qualities remain the same. It's the same good, old-fashioned castor oil that your doctor always prescribes, with the taste removed. Children take Kellogg's Tasteless Castor Oil easily. No bribing or coaxing. You can now get Kellogg's Tasteless Castor Oil at all good druggists. Do not accept substitutes if you want a really tasteless castor oil. Insist on Kellogg's Tasteless Castor Oil. Two sizes, 35c and 65c. (Adv.)

FORAGE CROPS ARE FOUND EFFICIENT

Agricultural Report For Ripley
Township Shows Many Turn
Hogs Onto Forage Crops

REDUCES EXPENSE OF GRAIN

Purdue Tests Prove That Such Will
Cause Big Saving in Feed Bills
and Prove Valuable

The following bulletin has been sent to the farmers of Ripley township of D. D. Ball, Rush county agricultural agent, and Mr. Ball feels that it will be of interest to every farmer in Rush county inasmuch as it deals with the question of using forage crops for hog feed:

In analyzing the agricultural situation of their township, The Ripley Township Farmers' Association at their recent meeting found that a number of factors worked to limit the net returns from feeding hogs among which the high price of feeds was one of the most outstanding. It was developed by the discussion that the use of forage crops to supplement grain feeds would reduce the amount of expensive grain required to put on a hundred pounds of gain.

Purdue tests have proven that forage crops will save 15% to 30% of grain in hog feeding and decrease the feed costs of the gain 20% to 30%, besides lessening the labor and helping to keep the hogs in good health and resistant to disease.

According to Purdue Extension Bulletin No. 66, rye affords the earliest possible hog pasture and can be turned onto as soon as the ground is dry and firm enough. If only 8 or 10 hogs are grazed per acre and removed before the rye begins to joint, what little damage the crop will suffer will be more than repaid by the pork produced.

While blue grass is ready to graze quite early, Purdue tests show it to be the lowest among permanent hog pastures in net pork returns. It does not supply pasture during the hot summer months, and rape or some other crop must be used to fill in the gap.

Experiments Stations and farmers who have used it agree that alfalfa ranks first as a hog forage. Hogs are usually turned in when alfalfa is from 4" to 5" high, but larger pork returns have been secured when grazing was delayed until the growth reached 6" or 8".

Red Clover ranks second, but does not supply enough forage during July and August, especially in dry seasons. Rape planted in early

May will fill the gap. More pork can be produced per acre if the time for turning in is delayed until the growth is larger than when most generally grazed. Clipping about the time May is ordinarily cut will keep the growth even and fresh. An acre of clover will accommodate 15 or 20 mature hogs.

Dwarf Essex Rape is the best all around annual for hog forage, either to take the place of or supplement alfalfa and clover. It makes a succulent forage from May to November if not grazed too heavily. Purdue Extension Bulletin No. 66 gives detailed information on the growing and using of rape for hogs. This Bulletin is available at the

County Agent's office for any who are interested.

The soy bean is becoming increasingly popular as a late summer and fall hog forage, either sown alone or in combination with corn. The crop is perhaps the cheapest source of home-grown protein to balance a corn ration when hogged down.

While forage crops hold an important place in cheaper pork production it must be remembered they cannot be used alone. Some concentrates must be fed in connection, especially to pigs and shoats. Experiments have shown that the greatest net pork returns per acre are obtained when one and one-half to three pounds of concentrates are

fed daily to a hundred pounds of live weight. Enough grain should be fed to make pigs gain one-half to three-quarter pounds per head daily.

The question of whether or not to feed the concentrated protein feeds in connection with forage is often asked. Experiments show that a 5% protein ration, that is 5% of the grain ration, tankage, or soy bean pasture. After the hogs reach a weight of 150 pounds the protein concentrate is not necessary. On non-leguminous forage, such as rye or blue grass, and 8% to 10% protein ration is recommended for growing pigs and a 5% protein ration for hogs weighing 150 pounds.

Thousands of Cases
of Dyspepsia---

BUT ONLY ONE PEPSINCO

PEPSINCO is the only
indigestion remedy
that we know—and we
know lots of so called
dyspepsia cures—that
will almost infallibly
relieve an attack of in-
digestion, food distress
or gas. We could al-
most make claims that
would appear impossi-
ble, so seldom does
this PEPINCO fail.
But why not consider
the recommendation of
thousands of people
who have used PEP-
SINCO, on the basis
of their belief in it. Try
it yourself; we are sure
that the suggestion will
appeal to you—you
who suffer with indig-
estion or stomach
faults—try PEPINCO
to-day.

Ask your druggist—he sells and
recommends Pepsinco.

WARNING

Is keeping your bowels regular do not
become addicted to laxatives. Pepsinco
is a natural laxative; just try KODOLAX;
it is gentle, wholesome, and does not
disturb. Obtainable at any druggist, every-
where. KODOLAX is a relief for many ailments,
including constipation, headache, indig-
estion, gas, nervousness, dyspepsia, indig-
estive, obesity, mental and physical distress.

Don't forget the Social Dance at
Mays, Friday May 7th. 461

Photoplay

The Parent-Teachers' Association of Orange met last night in the school building. A musical program was given: Mrs. F. E. Riegle and Miss Freda Norris played a duet; E. L. Outland accompanied by Miss Margaret Bratton played "The Holy City" on the trombone; reading, Miss Edith George. The Rev. Mr. Powers of Falmouth delivered the address. Following the program

a delicious one course luncheon was served to those present.

About fifty guests attended the K. of C. card party given in the hall in West Second street last evening. Following an evening of euchre, refreshments were served.

The Ben Davis Creek C. W. B. M. held their regular monthly meeting at the church yesterday afternoon, the leader being Mrs. James Haselby. An important business session also was held.

The regular stated meeting of the Martha Poe Chapter, No. 143 O. E. S., will be held Friday evening at 7:30 o'clock. A good attendance is desired as business of importance is to be brought before the chapter.

Mrs. Sarah Giffin had as her dinner guests today Mrs. James I. Parker of Washington, D. C., who is on her way home from spending the winter in the south, Mrs. Matilda Giffin of Indianapolis, and Mr. and Mrs. John Frazee, Jr.

Mrs. B. L. Trubue was hostess for the opening meeting of the Coterie last evening at her home in North Harrison street. Sixty members and guests were present for the evening's entertainment. The home was beautifully decorated for the affair in spring flowers, blossoms and ferns. A musical program given by Mrs. D. H. Dean, pianist; Miss Janet Dean, violinist and Mrs. Lucia Baker, soloist, delighted the guests present. Mrs. E. K. Montgomery of Shelbyville, who is head of the State Woman's department for the Blind, gave the address of the evening. Mrs. Montgomery told many interesting facts about the blind women and had many samples with her of the blind women's work in various departments. At the close of the interesting program the hostess served a delectable two course luncheon.

Mrs. Oscar Williams delightfully entertained the members of the Mary Moss Green chapter of the D. A. G. of Shelbyville, with a one o'clock luncheon at her country home west of the city yesterday. Bowls of violets formed the centerpiece for the small luncheon tables and the place cards and menu further carried out the violet decorations. During the afternoon the meeting was opened with the singing of the national anthem and responses of current events from the members. A very interesting paper on "Sand Dunes" was given by Mrs. S. L. Major and Mrs. O. W. Cotton read a very instructive article on the "Sand Dune People." Mrs. Frank Doble, historian, gave a most interesting report of the year's work.

Mrs. Williams was assisted by

MAUZY'S Continued It Big Reductions

Mauzy's hands the "High Cost of Living" a body blow. Since our first announcement of reduction on ladies' and misses' garments, many who appreciate real values have availed themselves of the offerings. These values surpass all our former efforts so early in the season. With utter disregard for present wholesale costs, we attach these new reductions.

Quality and quantity are always hand-in-hand at this store. We sacrifice neither for the other. There is a splendid assortment of coats, suits and dresses from which to choose — not dozens but hundreds. High class in every respect. they will challenge your admiration, and the reductions will convince you of the wisdom of purchasing now.

The Mystery of Moving Pictures—

THE LION MAN

Featuring KATHLEEN O'CONNOR and JACK PERRIN

her daughter, Mrs. James E. Walker, Mrs. George Billman and Mrs. Albert Updike. The members present were Mrs. Alonzo Blair, Mrs. Major Wilson, Mrs. O. W. Cotton, Mrs. Charles Tatman, Mrs. Frank Doble, Mrs. Harry Moberly, Mrs. S. L. Major, Mrs. Harry Major, Mrs. Clancy Colvin, Mrs. Ballard, Mrs. Otto Coyle, Mrs. Lee Carithers, Mrs. A. R. Pile and the Misses Anna Kent and Laura Kent of Shelbyville. Mrs. Herbert Brunner of Greenfield, Mrs. Byron Gates and Mrs. Ernest Corrie, of Homer, Mrs. George S. Billman and Mrs. James E. Walker of Indianapolis. Guests for the affair were Mrs. Noble Bassett of Morris-town, Lee B. Carithers of Shelbyville and Dr. Edward Hume of St. Louis, Mo.

Mrs. Robert L. Tompkins, Mrs. Guy Abernombie, Mrs. Will M. Sparks and Mrs. A. L. Riggs were gracious hostesses yesterday afternoon when they entertained a large number of guests at the Social club with a musicale.

Mrs. Arnold Spencer of Indianapolis, who was formerly Miss Ruth Tavis of this city, was the entertainer for the afternoon. She sang several groups of songs, all of them old-fashioned songs and melodies with which the guests were familiar. Mrs. Spencer was in antique costume, with ruffled skirt, polk bonnet and other apparel belonging to the age she represented. The artist sang such favorites as "The Last Rose of Summer," "Carry Me Back to Old Virginia" and other old songs which have retained their popularity. Mrs. Spencer's efforts to entertain the audience of her old friends were rewarded with vigorous applause. She was accompanied on the piano by Mrs. Kiser of Indianapolis.

In the evening, Mr. Tompkins, Mr. Abernombie, Mr. Sparks and Mr. Riggs joined their wives as hosts and about fifty men were guests at a dinner party. Senator James E. Watson, who was invited down for the dinner when it was learned that he had come to Indianapolis from

Washington yesterday on business, was present, and spoke briefly in a reminiscent vein regarding his associations in Rushville and how he had enjoyed and held dear the friendships which he had formed in the place he still called and always expected to call home. Mrs. Spencer also sang in the evening and the company of men showed their appreciation of her work.

The dance room of the club, where a luncheon was served to the women guests in the afternoon and the dinner in the evening to the men, was attractively arranged with large rugs and floor lamps to give the place the appearance of the interior of a home. An alcove in one corner was banked with ferns and potted plants, in front of which Mrs. Spencer sang. Baskets of spring flowers were also used in the decorative scheme.

The guests from out of the city for the musicale included Mrs. Cooper of Greenfield, Mrs. Ben Norris and Mrs. Benton Henley of Carthage, Mrs. Helm Woodward of Cincinnati and Mrs. Jay G. Drum of Miles City, Montana.

Regarding the marriage of Miss Florence Thayer Farnham of Montgomery, Alabama, and Allan H. Blackledge, son of Mr. and Mrs. John C. Blackledge of Montgomery, formerly of this city, the Montgomery Advertiser has the following:

Of keen interest to a large number of Montgomarians was the marriage of one of the city's most popular young women, Miss Florence Thayer Farnham and Allan Hinton Blackledge, which was solemnized with marked beauty and simplicity Saturday at high noon at the Trinity Presbyterian church. Reverend Leigh R. Scott performed the ceremony, using the ring service.

The dimly lighted church was beautifully decorated with stately palms and ferns and standards filled with white flowers, carrying out the bridal tones of green and white. Before the wedding service Mrs. J. C. Haygood rendered "At Dawning" and "O, Promise Me" on the pipe

organ, and while the bridal party marched down the long central aisle of the church, the Bridal Chorus from Lohengrin was played.

Coming first were the ushers, James Edison, Harry Allen, Jack Peebles, Henry Mourning, Arthur Atherton and Robert Weiss. The bride was attended by Miss Myra Whitt as maid of honor. Miss Whitt was prettily gowned in a dress of blue organdie with hat of the same shade and she carried an arm cluster of Ophelia roses.

The bride was given in marriage of her uncle, Eugene Oriatte. She wore her traveling costume, a tailored suit of navy blue with a hat of burnt orange taffeta, and carried a shower bouquet of Ophelia roses.

The bride and her uncle were met at the altar by Mr. Blackledge and his best man, Mark Dennis, and Reverend Scott spoke the wedding ceremony, while "Because" was softly played on the organ. Immediately afterward Mr. Blackledge and his bride left for points of interest in the South, and will return to Montgomery to make their home after several weeks.

Mr. Blackledge is now building an attractive home for his fair bride on his farm near Montgomery.

Friday evening Judge and Mrs. Chas. B. Teasley entertained at a delightful buffet supper, following the rehearsal, in honor of Miss Farnham and Mr. Blackledge.

The bride's table was covered with ruffled tulle, with centerpiece of swansonia, with silver candleholders holding pink tapers and silver vases holding pink rosebuds. At one end of the beautiful table was the bride's cake and a delightful menu was served. Dancing was later enjoyed, the music being furnished by an excellent orchestra.

Those Who Need Law's Restraint.
What a cage is to the wild beast, law is to the selfish man. Restraint is for the savage, the rapacious, the violent; not for the just, the gentle, the benevolent. All necessity for external force implies a morbid state.—Herbert Spencer.

THURSDAY NIGHT

RHEUMATISM

Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if two bottles of Allen's, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allen's has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allen's, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allen's decisively conquers this worst of all diseases, and he has instructed your druggist to guarantee it in every instance.—(Adv.)

HEADACHES!

Headaches, indigestion, sleeplessness and nervous troubles are often caused by eyestrain. And eyestrain is caused by not wearing the right glasses. Right glasses will relieve eyestrain and troubles due to eyestrain will disappear. The first thing to do is to have your eyes examined and know what glasses will be the right ones.

BUDGET MEASURE GOES STEADILY ON ITS WAYS

Senate Takes up Action For Final Report on Bill That Was Predicted a Failure

KNOWN AS MCCORMICK BILL.

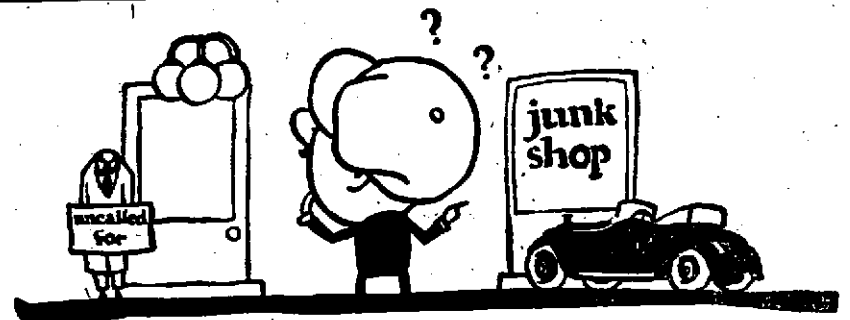

Washington, May 6.—In spite of statements that there would be no budget legislation at this session of Congress, the budget measure is forging rapidly ahead toward enactment.

The Senate has taken up for final action the budget bill reported by Senator Medill McCormick and strongly advocated by him, not only on the floor of the Senate but on numerous occasions. The bill differs in a number of respects from the Good bill already passed by the House but once the question is in conference it is expected there will be an adjustment of differences without wasting much time and without any grave difficulty.

CHARLEY CALDWELL

PLAYER PIANO

EXTRA SPECIAL BARGAIN

One of the finest Player-Piano Bargains we have ever had to offer. An instrument fine enough in detail of construction and finish for the most elaborate home in Rush County. If you are interested in buying something fine—beyond comparison—for your home, come in at once and see this one.

The Piano contains a genuine "Cecilian" non-destructible metal action—constructed of aluminum—all individual valve system—connected with solid brass tubing. Superior in construction to all other makes—will last indefinite number of years and give the most responsive touch and tone.

We have only one left—the last to be made of this special type aluminum construction as factory has been compelled to discontinue the use of certain costly materials used in this action. This one is offered for sale this week at exactly \$175.00 less than the regular market price.

We will accept this week half the price on any instrument purchased at this store in Liberty Loan Bonds at par allowing you full face value, same as cash.

Other big bargains in Pianos and Phonographs—all new stock—the highest quality—for this week. Come in and see.

STYLE HEADQUARTERS

150,000 MEN IN SINN FEIN ARMY

Member of Cabinet Declares Organization is Completely Equipped With Small Arms

NAMES OF OFFICERS A SECRET.

In Spite of Strict Surveillance of Police Drilling is Going on Constantly

By WEBB MILLER
(U. P. Staff Correspondent.)

DUBLIN, May 5.—The secret Sinn Fein "Army of the Irish Republic" now aggregates more than 150,000 men, according to claims made by Sinn Fein officials.

Some hitherto unpublished details of the organization and equipment of this "underground" army were given the United Press by a member of the Sinn Fein cabinet who has been active in the work of organization and holds high rank in the "army".

He declared that the organization is completely equipped with small arms, such as rifles and revolvers and "a certain amount of ammunition". Most of the "troops" have their own uniforms. Owing to the necessity of keeping their equipment hidden, each man is made responsible for the custody and concealment of his own rifle and uniform. Neither the officers nor men receive any pay.

"Our army is well organized in companies, battalions and regiments on exactly the same lines as any other army", the Sinn Fein leader said. "Each town, village and district has its company or battalion, which is known by the name of the district. For instance, here in Dublin there are four battalions. I organized and drilled the South Dublin battalion."

"In spite of the strict surveillance of the police and English troops drilling is going on constantly. Almost every night within a few miles of the center of Dublin I could show you units of our army at drill. At present most of our attention is centered upon drilling for guerrilla warfare and scouting."

"The men of the Dublin battalions are summoned to drill by couriers and advised of the time and exact spot—usually an isolated field in the hills back of Dublin. They struggle in by foot or bicycle in their ordinary clothes without arms of any sort. It's too risky to attempt to drill in uniform or with arms."

"As a matter of fact, the drilling now is mainly designed to keep up the interest and spirit of the men and maintain the organization intact."

"The drilling is usually held before midnight to allow the men to get home in plenty of time without arousing suspicion. Sometimes we hold drills in broad daylight on Sundays and holidays in and out of the way places in the country. Pickets are posted on all roads near by and signals arranged to warn of the approach of police or troops."

"Naturally the names of our officers are kept secret, but sometimes they become known. For instance the Lord Mayor of the Cork organization, which was well known. In fact, we turned out hundreds of troops in full uniform at his funeral and the English troops were afraid to interfere."

"Of course, our equipment of arms is limited to rifles and revolvers, bombs, and a few machine guns of various kinds owing to their origin. Many of the rifles have been captured from the English and others are sporting rifles—in fact, any kind of a firearm that will shoot. Unlike any other regularly organized army in the world, we have to keep everything hidden. We are constantly adding to our caches of arms by raids upon police barracks and captures from small bodies of English troops."

The Sinn Fein cabinet member explained the present policy regarding the use of the army. He declared that there was no idea among moderate Sinn Feiners of an organized rebellion or attack upon the British forces.

"Our only hope now is to continue the species of guerrilla warfare in an effort to make it as uncomfortable for the English army of occupation as possible. We realize that it would be folly to attempt an attack in force. The English are heavily armed with tanks and armored cars and heavy artillery. We would have little chance against such a formidable armament."

"But they have a little defense against sporadic attacks upon isolated outposts and guerrilla warfare."

"The very existence of our army is a weapon in reserve even if we never use it. It's like this: You may be a very big strong man and able to whip a certain style man, but the very fact that he will scratch you."

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arceine and pour it into a pint bottle, then fill the bottle with water that has been boiled. Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

is the dentrifice that contains the properties recommended as ideal by United States Army dental surgeons

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

FOR SALE—Several georgette crepe waists, all kinds of ladies dresses and several sizes of slippers and children's clothes. Phone 1960, 509 West 2nd St. 451f

ELLIOTT SEES USE FOR OLD SOLDIERS' HOMES

Says That 10,000 Beds are Available For Use as Hospital in Ten Homes

EX-SOLDIERS NEED TREATING

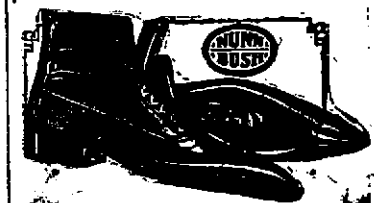

Washington, May 6—"It would take \$32,500,000 to build hospitals accommodating 10,000 beds as requested of the House Committee on Public Buildings and Grounds," declared Representative Elliott of Indiana, active chairman of the committee in the absence of Chairman Langley.

"The Public Health Service has been making this sort of a request of us and I believe I have found a way out of it without spending anything like this sum of money," said Mr. Elliott. "I have been digging around and I find that there are now 10,000 empty beds in the ten soldiers' homes of the country. These beds and rooms ought to be utilized to take care of our soldiers of the world war and other wars who are needing hospital attention. Each of these soldiers' homes has a competent medical staff to care for the men and all the surroundings are of the very best. We could take care of every one of our men in these homes except the violently insane cases and the tubercular ones."

RUSHVILLE PLEASSED BY QUICK RESULTS

Everyone is pleased with the quick results of simple witchhazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash. One man's eyes were so badly strained he could not read without pain. Two applications relieved him. A lady with weak, inflamed eyes was greatly helped by ONE bottle. We guarantee a small bottle of Lavoptik to help ANY CASE weak, strained or inflamed eyes. F. E. Wolcott, Druggist. Adv. 6

SHRINERS TO GIVE A MUSICAL SHOW

Phantasia of Oriental Splendor and Arabic Lore to be Presented at Murat Theater

DATES SET ARE MAY 24, 25, 26.

Show Will be Open to the Public and Seat Sale Will Open in Indianapolis May 17

Indianapolis, Ind., May 5—A phantasia of oriental splendor, music, magic and Arabic legendary lore, will be presented by the Shriners of Indianapolis at the Murat Theater for three nights, May 24, 25 and 26 in a musical extravaganza under the title, "Araby". The cast will be made up entirely of the members of Murat, among whom are included many accomplished musicians and entertainers. The fact that the show will be open to the public will be an innovation for the Temple, as the productions of this sort have always heretofore been given in connection with the regular initiatory ceremonies of the Order. The project is creating lively interests, not only in Indianapolis, but in nearby cities which have a considerable Shriner population and which frequently send delegations of members to Murat Temple's official and social affairs. As "Araby" will be open to the public, out-of-town Shriners will have an opportunity to invite their friends and non-members to join them.

Since the Imperial Council meeting in Indianapolis last June, with its magnificent parades, kaleidoscopic coloring and oriental pastimes, the public of Indianapolis and surrounding cities has been much more interested in the doings of the Shriners than ever before and it is to promote this friendly interest that the

Hot Spot and Ram's-horn HAVE LIFTED CHALMERS to the Peak of Efficiency

IN these days when "gas" is going up in price and down in grade through a shortage in supply the world over, consider these revolutionary devices: Hot Spot and Ram's-horn. They have lifted Chalmers to the very peak of efficiency.

They get amazing power out of low grade "gas."

When the raw "gas" strikes Hot Spot this device transforms it into a "cloud," very much like a drop of water striking a hot stove.

This "cloudy" condition makes just the right fuel for the engine.

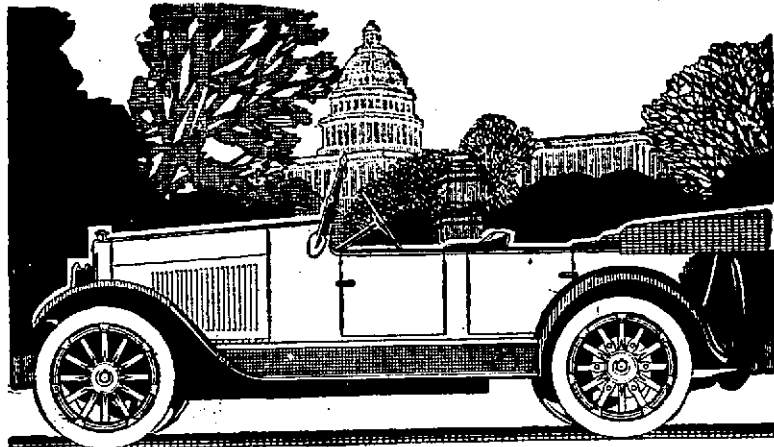

Now the task is to get it quickly to the engine chambers for ignition before it can condense or "grow rainy."

This is where Ram's-horn performs heroic service. It has no sharp corners for "gas" to lodge against, is surprisingly short in length, and the velocity with which "gas" travels through this "tunnel" is estimated at one hundred miles per hour.

The results are two-fold. You get power with rare smoothness. You seldom experience such difficulties as fouled spark plugs, burned bearings, scored cylinders and the like, because "raw gas" cannot trickle down past the pistons and thus "cut" the lubricating oil in the crankcase.

These efficiency results have added to the impression that Chalmers is one of the few great cars of the world.

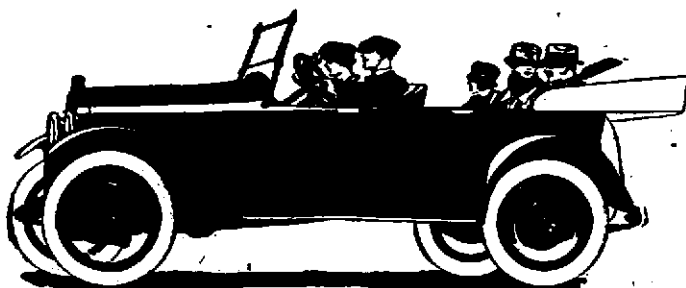

Geo. C. Alexander

THE average family naturally gives its confidence to that which is right, and which stays right.

A month—or six months—or a year from the day it is new, the Hupmobile is just as easy to care for, performs just as well, costs just as little to keep up, and is just as faithful.

That may explain, in part, the great good will which the American people hold toward the Hupmobile.

Joe Clark

Phone 2155

123 East First

coming show was decided on.

Besides the Indianapolis Temple is well equipped to give such a performance. Since the Temple was built, it has acquired costumes and scenery and other theatrical equipment that have cost \$50,000; it has a trained chorus of eighty voices; an all-professional military band of twenty-five; an Arab patrol of forty, a gun squad and an Arabian oriental band besides proficient actors and musical soloists. All told, four hundred Shriners will appear in "Araby" and the piece which has been arranged by Paul Richey will be staged under the direction of Harry Porter who has had wide experience in theatrical productions.

It is announced that the seat sale will open at the Murat Theater May 17th and will be in the charge of John T. Sautter, Chairman. The usual Shrine theater party prices will prevail, war tax included. Special attention will be given to reservations by mail form out of town groups, as a number of Shriners from other Indiana cities will appear in the cast.

OREGON TO SEND WOMAN TO G. O. P. CONVENTION

Portland, Ore., May 5—One of the 10 delegates from Oregon to the republican national convention at Chicago in June may be a woman.

The third congressional district, comprising Multnomah county (Portland) will send two of the delegates. The fact that Mrs. F. O. Northrup, one of the candidates, is a prominent and popular club woman of Portland, and because her four opponents are all men and will split the male vote, causes political observers here to predict she will be chosen as one of the two delegates.

A Sweet Tooth

is an unfortunate possession in these days of high priced sugar, but it's something we all have and it must be satisfied. The price of all our canned fruits, jams, jellies and preserves is based on sugar at from 11 to 16 cents per pound. You can readily see what the price will be when we begin to get goods made from sugar costing from 25 to 30 cents per pound. A word to the wise should be sufficient.

We have a wonderful bargain in canned corn, an extra fancy Crosby corn packed to sell at 20 cents per can. We bought a large quantity of it and can sell it, 2 cans for 35c. Try two cans and when you find that it is as we say, order a dozen cans for \$2.00.
